2018 Coach's Comments

First, I want to thank everyone for making my first season as head coach a great one! I was certainly anxious at this time last year about the adjustment to head coach and the journey I wanted our program to take over the next year. With your support I feel things went about as smooth as I could have hoped. It was a season of changes and you all rolled with things as we adjusted sometimes from day to day. I was fortunate to have a great coaching staff that created a positive and challenging environment that pushed everyone to do their best. They helped create a culture of hard work and dedication that will set a positive course for coming years. They also handled the challenges of a less than ideal early season practice set up. They had you ready to compete and when the time came, you all showed that your hard work was paying off.

Throughout the year we tried to celebrate individual improvement and highlight personal bests because I believe everyone can work hard and improve no matter what your talent level might be. This season that just happened to give us great finishes in our competitions. More importantly, you consistently gave great efforts no matter what the weather was, how many events you'd done in the past week, or any other set of excuses you could have used. The track season is a long one and everyone goes through different periods of adversity. It wasn't always easy to show up and work hard. The meet results may not have always been exactly what you hoped for. However, you all consistently showed up with positive attitudes ready to make the next meet better. That determination is something I will always remember about this year's team.

To the seniors, thank you thank you thank you for all you have done for this program over the last four years. You are leaving a tough legacy to beat! Your leadership was among the best I've seen over the years and it was a crucial piece of the success we had. It is sad to see you all go, but we are excited for what lies ahead for you. We hope you will come back often and get to know the next generations of Franklin Track and Field!

Finally, for all of those returning next season, I hope you will stay active over the next few months. If you don't already play a fall sport, maybe try something new next year. We talked about being brave enough to reach for goals this year, so continue to push your comfort zones. Challenge yourself to come into next year better than you were this year. Reach out to coaches for things you can do between now and next winter. It's always easy to find the excuses why you can't, but those that want to have success, find the way that they can.

So again, thank you to everyone for making this year a fun season!
